

## PELLE CURTEFIL FAP

### CHARACTERISTIC

Dulling Paste For Base Coats

**Appearance** : White, viscous liquid

**Concentration (%)** : 26±1

**pH** : 8,5±1,0

### PROPERTIES AND APPLICATION

- *PELLE CURTEFIL FAP* is a high concentration dulling paste extremely useful for base-coat.
- Generally compatible with all non-cationic finishing products
- This product gives to the treated leather a soft and smooth touch.
- It shows a strong matting effect and reduces stickiness, improving therefore embossing and piling procedures of the treated leather.
- It is used in polymer-based ground systems to finish split, corrected and full grain leathers.
- Thanks to its high light and heat resistance, it is particularly useful for car upholstery items.
- Due to chemical nature of the product, it is recommended to stir *PELLE CURTEFIL FAP* before use and keep the packing well sealed during storage.

### STORAGE

In a cool and dry place in original packaging, can be stored for a period of one year. Product must be protected from excessive heat and cold.

### PACKAGING

Bulk in 60-120 kg drums.
