PROPERTIES AND APPLICATION

- *PELLECURTEWAX BR 5050* is a water based emulsion of waxes mainly developed for items with burnishing effect on any kind of leather.
- The product presents a strong dark burnishing effect also on chrome full grain leather.
- To enhance its features *PELLECURTEWAX BR 5050* has to be applied as top-coat, dried at room temperature and then rolled or brushed to obtain outstanding results.
- By drying the product at room temperature, *PELLECURTEWAX BR 5050* does not affect the aspect (shade and colour) of the leather.
- It is recommended to stir the product before use, to protect against frost and to store in tightly sealed original containers.

STORAGE

In a cool and dry place in original packaging, can be stored for a period of one year. Product must be protected from excessive heat and cold.
